It have been two bombers, shot down on their way back. One plane exploded in the air. The corps lay around in a circuit of about 1000 meters in the fields of Tundern. The parachutes of these did not open. The identification was done by officials of the director-of-the-country-office and by Crim-Secr. Wolff-Emden. The second plane came down burning hit the ground just in the open fields on the border between town- and country district Hameln. The plane burnt out and with the members of the crew. One flyer should be parachuted and was overtaken by the German military. The crash happened on the 8th of May 1944. At the burial on the 10th of May 1944 I have not been present.

Dear Mrs. Kramer:

This is in reply to your letter of 23 May 1949 relative to the return and final burial of the remains of the late Staff Sergeant Howard M. Quigley.

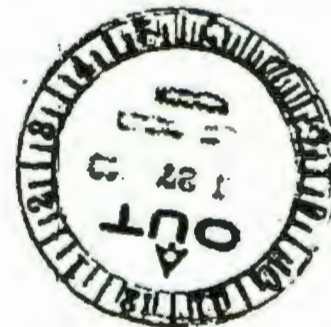

It is indeed regretted that the lapse in time since the arrival of the remains in New York has caused your daughter to be confined to a hospital with a nervous breakdown. It is a tremendous task that the Government is doing in returning the Honored War Dead and to accomplish the task with all due honor, the way it is known you would prefer, does take time.

One must remember that there are many many honored dead being returned at this time and, of necessity, a time lapse does occur between the actual arrival of the ship, bearing the remains, in New York until final interment in Fort Rosecrans National Cemetery, San Diego, California.

The schedule has been altered to indicate that the remains of your late son-in-law will leave the Distribution Center with appropriate escort on approximately 15 June 1949. The exact date and time of services will be established by the Superintendent of the National Cemetery, and he has been instructed to contact you direct in ample time for you to make arrangements to attend, if you so desire.

If there are other questions you may have regarding
