

Minnie The Mermaid

Oh what a time I had with Minnie The Mermaid
Down at the bottom of the sea

There among the corals - there I lost my morals

Oh my but Minnie was good to me

Every nite in her seaweed bungalow - starfish
came out to shine

Oh Ashes to ashes and dust to dust

If the flak don't get you then the fighters must

Oh what a time I had with Minnie the Mermaid

Down at the bottom of the Sea.

Ashes to ashes and dust to dust

If you don't like my figure get your hand off my elbow

If a soldier surrounded by enemies, is to cut
his way out; he needs to combine a strong desire
for living with a strange carelessness for dying.
He must drink life like water and death like wine.

LOVE

The wonderful love of a beautiful maid
 The love of a staunch true man
 The love of a baby unafraid
 Has existed since time began

But the love that's greatest - the love of loves
 Even greater than that of a mother
 Is the tender, passionate, infinite love
 Of one drunken bum for another.

Kriegie Stew

I've sailed around the world from Iceland to Peru
 I've seen a thousand wonders some old and others new
 But nowhere in the world have I seen an equal to
 That gastronomic marvel a dish of Kriegie Stew

Singin' soap chips dish rags sealing wax and glue
 You can find them all in a dish of Kriegie Stew

One day I hit the silk along with my crew
 The goons picked us up, said, "for your war is thru"

Little did they know that their words were far from true.
We still had to fight the war of good ole Kriegie Stew.

Chorus

When you go to Dulag if you refuse to sing
They'll send you to Stalag good food and everything
This I had been told by the brains of our S-2
I followed their advice now I'm eating Kriegie Stew

Chorus

Hitler's secret weapon is secret as can be
He isn't sure himself what the silly thing can be
But our secret weapon is mighty secret too
It's the recipe for making a dish of Kriegie Stew

to

Singing knock please go to hell we haven't got the broom
You'll get a friendly welcome in each and every room.

Flak Valley

Up in flak valley where the black mushrooms grow
The and her big bombers go
Briefed in the morning there would be no flak
Forty go out and nobody comes back.

th

Oh those bastard one sevens

(16)

Oh those hell in the heavens
The boys that fly in them are sure bound to lose
At sixty five inches she won't even cruise

#

We fight to the I.P the going is tough
But from here on boys it really gets rough
Bomb bays are open we start on the run
Pilot to crew we are featherin' one

#

Oh that B seventeen
oh that death limousine

#

Flak all around us the sky's turnin' black
We'll never get thru but there's no turning back
Bombs are away and the job is half thru
Pilot to crew - we are featherin two

#

Oh that big-fat-assed bird
Yeah she's worse than you've heard

#

Pour the coal to her and rack her up fast
Here comes the fighters and we're ridin' last
What keeps her up here beats hell outa me

(11)

Pilot to crew—we are featherin' three

#

Oh that B seventeen

oh that death limousine

#

One fan's still goin' we're strugglin' back

When Otto cuts loose with his best trackin' flak

This is the end boys there just aint no more

Pilot to crew - we're featherin' four

#

Oh that big-fat-assed bird

Yeah she's worse than you've heard

Of the many who fly her there's many who died

Cause without any engines—she won't even glide

As FLAK GOES By

You must remember this

The Jerries seldom miss

They're here to see you die

No matter how good a track you fly

The Flak goes by

#

And when you start your van

That's when he has his fun

(12)

A'blastin at you way up high
The little bastards start to fly
As Flak goes by

th

One-tens and two-tens knocking at the gate
Can't get excited got to kill that rate
Now it's time to "salvo" - kiss those bombs g'bye
The "TARGETS" passing by

th

It's still the same old story
It's bloody and it's gory
There's someone who has got to die
The odds are always too damn' high
As Flak goes by.
