Dear Folks: Dropping you my usual few lines to let you know I'm well and in the best of health. Hope you aren't worrying because there is no reason for it. Food is good and I get quite a bit of wearing apparel. Please make it plain to mom that I'm perfectly alright. I know you'll understand Babe and I'm quite sure I can rely on you to take care of everything. Don't forget to send those packages. You can send me sweets and cigarettes, but consult the Red Cross before packing it. I really haven't anything else to write. Love

my regards to all my good friends and answer all letters that you might get from friends of mine. Going to close now folks, don't worry and take good care of yourselves. God Bless You and I Love You all. Vick.
