Dear Estelle,

just a short line to let you know
I received your letter and intend to
answer it as soon as possible. Today
was our day off so we went to Palm
Beach for the day. We swam all afternoon
on the salty old Atlantic.

Our crew has been kept pretty
busy lately. Our pilot St. Clarence Brooks
is a fellow from Illinois (southern) and
is a good egg.

have been doing a lot of high altitude bombing lately. 20,000 feet. etc. both cold and uncomfortable with those oxygen masks. We flew a Cessna Comanche last night to Miami and all along the Atlantic coast. One thing you should see is the appearance of the sky from 20,000 at night. We could still see the sun going down at about eleven o'clock.

Nothing new has happened, and as you can see I'm writing this in a rush. Will drop you alone when I get back to town.
