DATE

Dearest Mom & Dad.

I haven't received any mail in about 6 weeks. I don't know if the mail is being held up or you just haven't been writing. You know over here the thing we want most is lots of mail.

I haven't been doing much since I've been here except sleep & eat lots. I don't guess that will last long tho. We have been restricted so far but it should be lifted before long. It's really beautiful here - everything green & lots of flowers. Sure will be glad to get out and meet some of these gals.

When you write send me Ida's address the one in Denver, and any others that you can think of. Let me know about those allotment papers. Take care of yourselves and write often. Love from
Doris.
